

How to Fix your Patient Referral Process Now with Data & Automation

Learn how VillageMD, Privia NT, and Vanguard leveraged data and automation to **reduce leakage 75%+, reduce admin costs 45%+**, and finally close the referral loop to meet their VBC contractual requirements.

Tuesday, April 2
12 pm to 1 pm ET

You will meet **SARA**, your Auto Referral Assistant!

Meet the Speakers

Robert Harris

Performance

Since ReferralPoint was built within the Lightbeam Pop Health Platform, you get the benefit of all Lightbeam *capabilities and proven track record* to help you move into more risk within VBC.

After 2023 results, Lightbeam clients have generated over **\$3B** in Savings

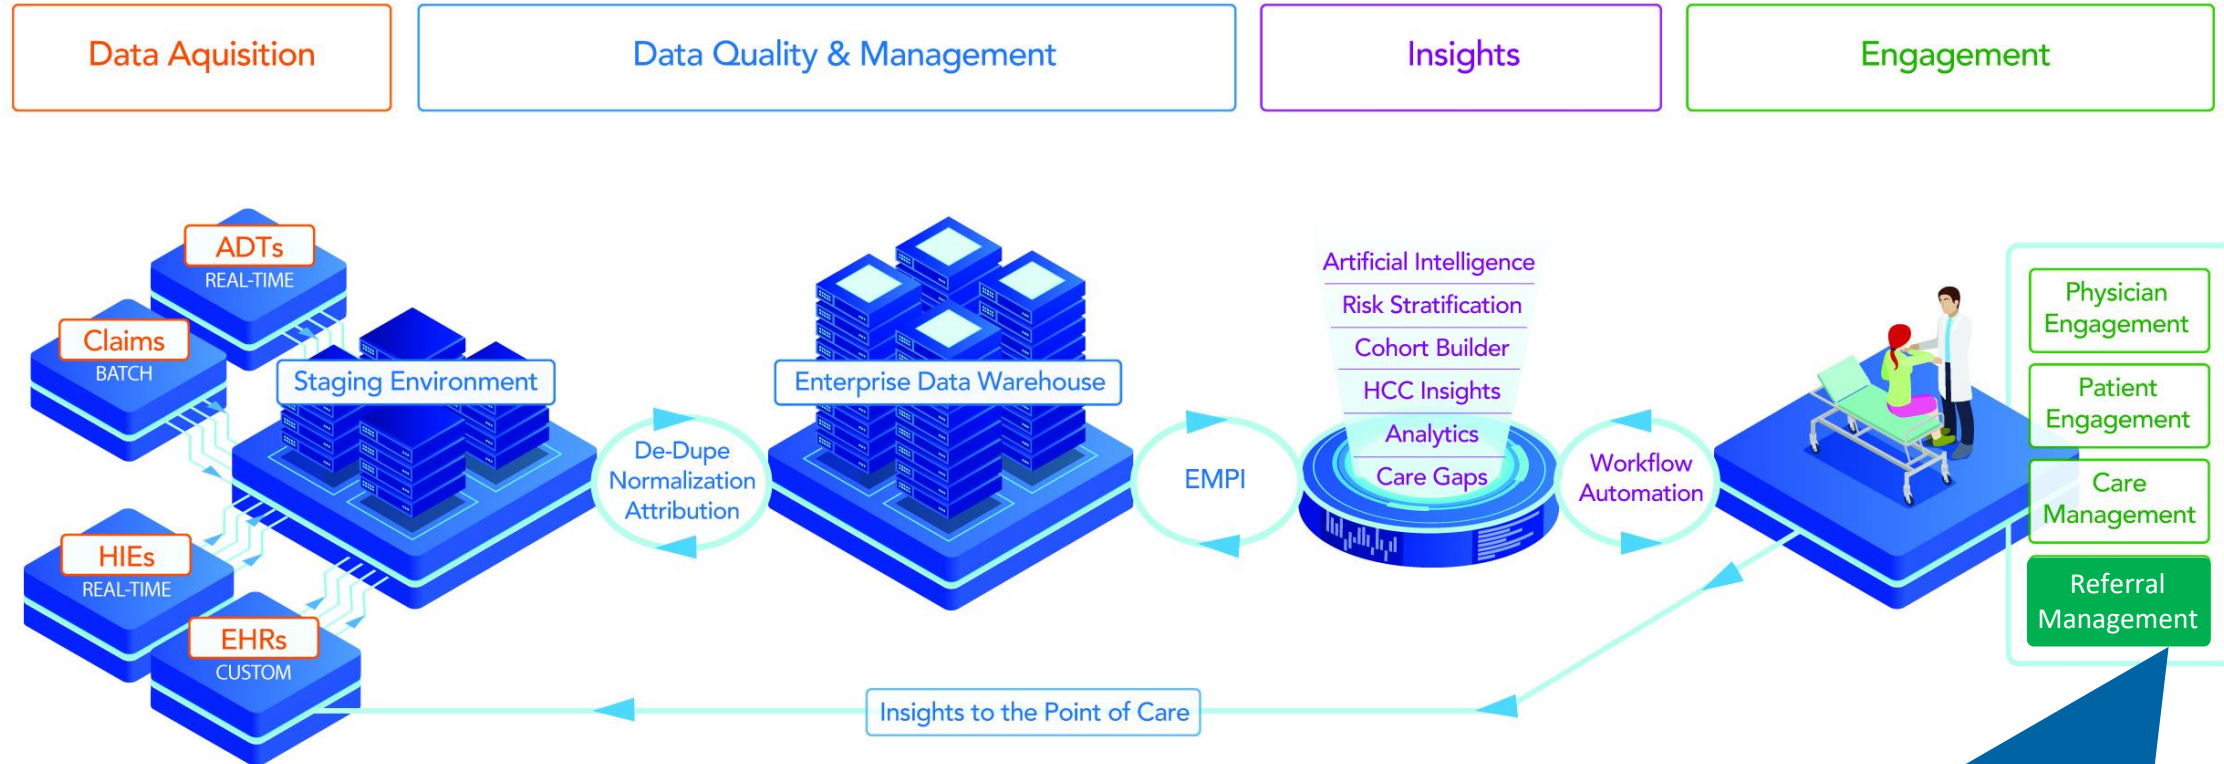

Lightbeam ACOs generated 56% higher net PMPY savings (\$605 on average) compared to non-Lightbeam ACOs (\$390 average).

What Capabilities to achieve your Vision?

Loop Closer

**ALL. DONE.
MANUALLY.**

BEFORE CHALLENGES

1. NETWORK LEAKAGE & COST

- X No access to cost data to score & rank specialists or build preferred networks
- X Unable to see PCP referral trends or leakage by network, cost, or location

2. MANUAL WORKFLOW

- X Using outdated spreadsheets and memorization when making a referral
- X No control to ensure referrals are made to in-network, highest quality, lowest cost specialists and facilities
- X Using manual processes to complete referral selection, scheduling, authorizations, and closing the loop

3. LOW PATIENT EXPERIENCE

- X Manual, time-consuming steps increasing gaps and errors
- X Manual communication with patients causing long wait times to schedule and missed appointments

4. LACK OF VISIBILITY & ACCOUNTABILITY

- X No ability to track each step of the referral through to a closed loop
- X No ability to compare PCPs' or specialists' performance

5. STAFFING CHALLENGES & ERRORS

- X No ability to maintain referral volumes with limited MA staff
- X Difficulty qualifying for MIPS quality standards due to referral errors (30-40%)

3

What is this
Costing you?

Leakage = \$___ Lost Revenue?
High-Cost Specialist = \$___ Lost Savings?
Manual Chores = \$___ Unnecessary FTE Cost?
No Shows = \$___ Lost Revenue?
Low Close Loop % = \$___ ER Admits?
Low Patient Sat = \$___ Patients Leaving * LTV

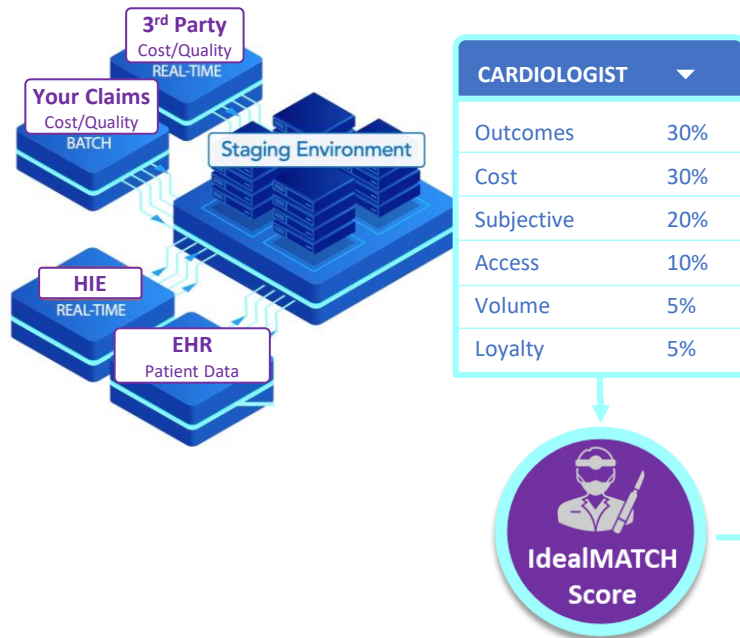

Are you
able to
measure
to know
for sure?

PHASE 1 – Provider Performance Measurement

Confidential. Proprietary.
Do Not Copy or Forward.

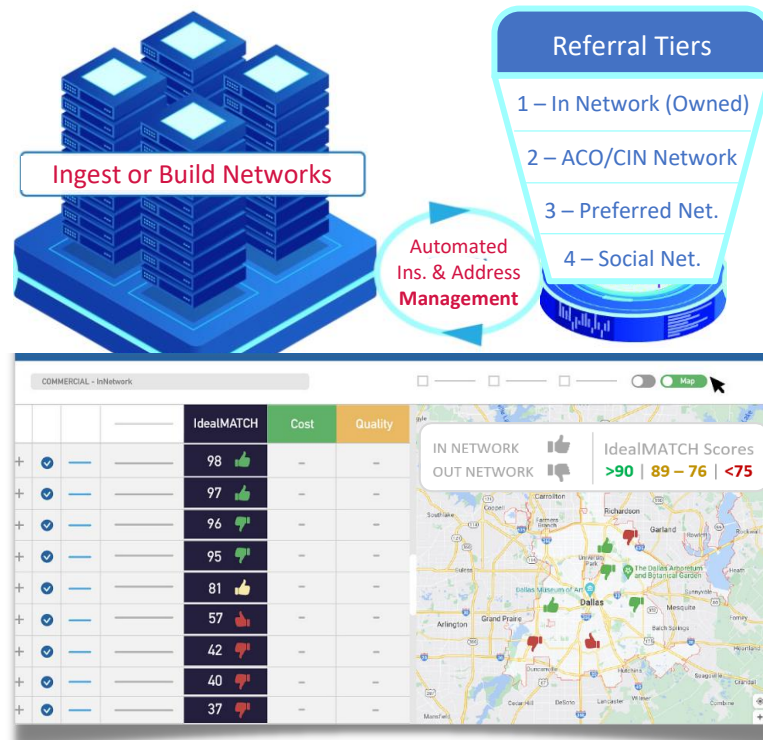

1 IdealMATCH CRITERIA™

We ingest your patients, claims and 3rd party data, then you weight each data source to customize your **IdealMATCH Scores for each Specialty.**

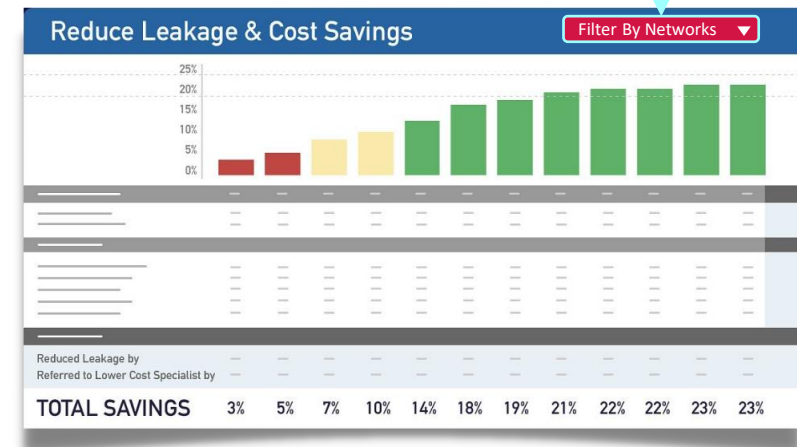

2 Network BUILDER™

Ingest or build your Networks, then use the scores and map to add or remove Providers and Facilities within tiered **Preferred Networks or VBC Contracts.**

3 Referral INSIGHTS™

Now you can analyze referral trends over the last 3 years to identify areas to reduce leakage and costs by each **Preferred Network and VBC Contract.**

Leakage Trends

What would you do if you could Drill down to see who is referring **Out of Network** to which Specialist and Facilities?

- Suggestions:**
1. Connect with Leading Reach – Help keep us up-to-date with our patients and close the loop with clinical documentation.
 2. Speak with your Texas Health patients about responding to the text messaging if they received texts.
 3. Remind your patients to connect with their PCP after their care is completed with you, the Specialist.
 4. Improve your Quality and Cost Scores by communicating your patient's care back to the PCP for better coordinated care.
 5. Improve your Patient Experience Score

Fast Integrated EHR WORKFLOW

5

Auto-IdealMATCH™ & AUTHORIZATION

6

Auto-Schedule & CLOSELOOP

Since we ingest your patients, the ID passes through our **IdealMATCH SSO or FHIR button**, so we can do the next 2 steps within the EHR iframe in seconds.

From one screen, RCs can process an **eConsult, Verify Patients' Insurance**, automate **IdealMATCH**, auto-API the **Prior Auth**, and trigger the **SARA** messages.

SARA automates texts/emails/IVR in most languages to schedule quicker, reduce no-shows, and **close the loop with the Patient & Specialist** regardless of EHR.

PCP Referral Order

Patient, we will **match** you with an ideal Specialist that...

- Takes your insurance
- Highest quality
- Lowest cost
- Close to your home
- Keeps us informed

PATIENT INFO
ORDERING PROVIDER
SERVICING PROVIDER
PLACE OF SERVICE
CPT CODES
DOCUMENTATION

Determine if auth required in real-time based on CPT/HCPCS code for patient's plan.

PROBLEM

1. Manual input 3-15 different logins
2. Different workflows for all 3-15 sites
3. Users go back 3-15 logins to check status

SOLUTION

1. Eliminate manual inputs + One login
2. SARA let's Patient know getting PA info
3. SARA asks if Patient show + experience

RESULTS

1. Reduces Cost per Auth 30-50%
2. Inc Productivity 30-50%
3. Inc Approval % (Denials = \$10K Surgery)
4. Inc Turn around Time = Reduce Cancels

Auto updates Approval Status + Auth info

NEW

Hi Clark,
This is **SARA**, from **ABC Medical**. As your auto-referral coordinator, I will work with you to ensure you get connected with your recommended **specialist**.

Use this [secure link](#) to easily call and schedule your appt.

Reply **X** at any time to opt out.

Not to an App... but right to their normal text!

IN REVIEW

Hi Clark,
We **matched** you with the ideal Specialist:

- ✓ Takes your insurance
- ✓ Saves you time and money
- ✓ Is close to your home or work
- ✓ Keeps us informed about your care
- ✓ Provides the best patient experience

Click to call to schedule your Appt:

- **DR NEIL ARMSTRONG**
- (800) 555-1212 [Or schedule online](#)
- 1st MOON ST, ORLANDO, FL, 19690
- Authorization # 1234568910

To ensure you get care, I will...

1. Send you a friendly reminder
2. Confirm if you met Specialist
3. Ask you to rate your experience

- SARA

SCHEDULED

Hi Clark,
I see you reviewed the link...were you able to schedule your appt?

YES

That's great! To ensure you're taken care of please reply with the date (mm/dd).

9/4

Thank you and what time (ex: 3:30pm)?

2pm

I appreciate you letting me know. I will reach out after to ensure things went well. - SARA

CLOSE LOOP

Hi Clark,
Just a quick reminder that you have an appt scheduled tomorrow 9/4 at 2pm. Can you confirm?

YES

Did you happen to attend your appt?

YES

Great! Can you please rate your appt 1 - 5 (5 being excellent)?

4

Thank you. Want to leave your [review](#)? I'll check in a few days to ensure you're ok. - SARA

FAX COVER – PATIENT REFERRAL

Dr Angela Shod,

I am referring one of my patients to see you. Please see the following page for the patient’s contact information and other details of the referral.

Our practice would like to focus our referrals on those specialists who are good communicators not only with patients but with us, the primary care provider. It is also helpful to us if we know a little more about your practice and which insurances you accept. We also ask our patients to give us feedback about their experience with you and are happy to provide that back to you.

If you would like to continue to receive referrals from us, please go to www.referralpoint.com/specialistinfo and enter your invitation code: **1234567**

Update Insurances you take, Schedule, and Referrals you can Receive

CRM to track status and patient experience for all your Referrals, plus easily update PCP to close the loop.

The information you provide will help us make better referrals to you and then track those referrals as well as patient experience.

I look forward continuing to work with you.

Dr. Mc Carrick

For INBOUND Referral Management

Meet **SARA**, your Auto Referral Assistant!

4 Inbound Referral INBOX & CRM

Referral Coordinators receive Referrals from Providers into their INBOX and since we will already have patient data, we can **streamline the process**.

PCP Referral Order

Patient, BCBS will **match** you with an ideal Specialist that...

- Takes your insurance
- Highest quality
- Lowest cost
- Close to your home
- Keeps us informed

Patient Call In or Referral Fax/Dm from PCP

Hi Clark, This is SARA, from CLIENT. As your auto-referral coordinator, I will work with you to ensure you get connected with your recommended specialist/facility. Use this [secure link](#) to easily call and schedule your appt. Reply X at any time to opt out.

IN REVIEW

Hi Clark, We matched you with the ideal Specialist: ✓ Takes your insurance ✓ Saves you time and money ✓ Close to your home or work ✓ Keeps us informed about your care ✓ Provides the best patient experience

Click to call to schedule your Appt:
 DR: NEIL ARMSSTRONG
 (800) 555-1212 or [schedule online](#)
 17 MOON ST, ORLANDO, FL 32839

To ensure you get care, I will...
 1. Send you a friendly reminder
 2. Confirm if you meet Specialist
 3. Ask you to rate your experience

SARA

SCHEDULED

Hi Clark, I see you reviewed the link... were you able to schedule your appt?

That's great! To ensure you've taken care of please reply with the date (mm/dd).

Thank you and what time (ex: 3:30pm)?

3pm

I appreciate you letting me know. I will reach out after to ensure things went well. - SARA

CLOSE LOOP

Hi Clark, just a quick reminder that you have an appt scheduled tomorrow 3/4 at 2pm. Can you confirm?

Did you happen to attend your appt?

Great! Can you please rate your appt 1 - 5 (5 being excellent)?

Thank you. Want to leave your [review](#)? Please check in a few days to ensure you're

ok. - SARA

**What Results
do you want?**

Reduced Referral Cost by 45% & Staffing Challenges

Larry Tatum, MD
CEO: Privia NT
Treasurer: AMGA

"ReferralPoint has helped identify gaps and improved our referral processes using data and automation which has continued to improve our clinical and financial outcomes."

- ✓ RP provided **cost/quality data** (we couldn't get) to build our Specialist Network
- ✓ Then **integrated IdealMATCH right into our EHR** making it quick and easy
- ✓ **90%** routine referrals now scheduled by patient via SARA, automated referral assistant
- ✓ Leakage reports identified minimum **\$4M/yr. rev opportunity** (\$178 Office Visit)
- ✓ Identified missed opportunities to refer to Specialist in same Zip Code
- ✓ We now outsource **3500+ referrals/mo** to ReferralPoint's Referral Desk
 - + Reduced referral errors from **31%+** to **1.4%** to meet criteria for MIPS (VBC)
 - + Reduced time to close referrals/auths from **7 days down to 2 days**
 - + **Saving 1,167 hrs/mo** ...so staff can focus on taking care of patients
 - + **Lowered cost** to process referrals **by 45%** ...vs our staff (**March saved \$13,164**)

How Privia NT Reduced Referral Costs by 45% and Improved ACO + MIPS Outcomes

Privia Medical Group (North Texas), a 370-provider multi-specialty group, is dedicated to prioritizing quality patient care and is successfully serving 45,000+ attributed patients through its ACO. In 2019, Privia NT generated nearly **\$3 million** in shared savings through its MSSP. While exploring how best to serve its patients and reduce costs through ongoing improvement, the group uncovered uniformity issues in referral processes and a lack of data and automation across multiple offices.

Implementing ReferralPoint's cost/quality data insights and automation has allowed Privia NT to build their preferred specialist network, identify revenue opportunities and streamline their process. Outsourcing 3,500 referrals per month to ReferralPoint has helped alleviate the burden on their staff, reducing cost by 45%, errors by 95%, and time to close the referral loop by 5 days. To see the before and after, we've outlined the challenges, solution, and results.

<p>Larry Tatum, MD CEO: Privia NT Treasurer: AMGA</p>	<p>Identified \$4.8M Revenue Opp/yr. Processing 3,500+ referrals/mo Reduced referrals 7 to 2 days</p>	<p>Saving staff 1,167 hrs/mo Lowered referral cost by 45% Reduced errors 31% to 1.4%</p>
---	--	---

"ReferralPoint has helped identify gaps and improved our referral processes using data and automation which has continued to improve our clinical and financial outcomes."

IMPROVED WORKFLOW AUTOMATION

- ✓ Integrated IdealMATCH within EHR workflow, improving ability to refer in-network, low cost, high quality
- ✓ Automated manual tasks and decreased time required to refer, schedule, and close loop with patient
- ✓ Automation to verify patient insurance and prior auth, **saving an additional 10 minutes**
- ✓ Automation to remind specialists to send back consult note and close the loop

“Another benefit is RP automated forwarding of clinical documentation from the PCP’s EHR to the specialist. It’s a big time-saver and crowd pleaser in our group”

Dr. Crudup, General Surgery, Medical Director

ENHANCED PATIENT EXPERIENCE

- ✓ Automated texts, emails, and calls in English and Spanish to increase contact rates and reduce no shows
- ✓ Automated patient scheduling to ensure connection with specialist, whether patient's or specialist's responsibility
- ✓ Automated closed loop with patient, including if patient scheduled, showed, and experience with the specialist

90%

routine referrals
now scheduled by
patients via SARA

IF REFERRAL IS TO BE SCHEDULED BY **PATIENT**

Meet **SARA**, your Referral Coordinator.

Since we already know you, we're able to **match** you with the ideal Specialist that's best for you.

SARA will text or email you a link to make it quick and easy to schedule your appt and view the directions.

Then, **SARA** will text or email to ensure you were able to schedule your appt and received the care you need.

Click to call to schedule your Appt.

- DR. NEIL ARMSTRONG
- (800) 555-1212
- 1st MOON ST, ORLANDO, FL, 19690

To ensure you get the care you need, I will...

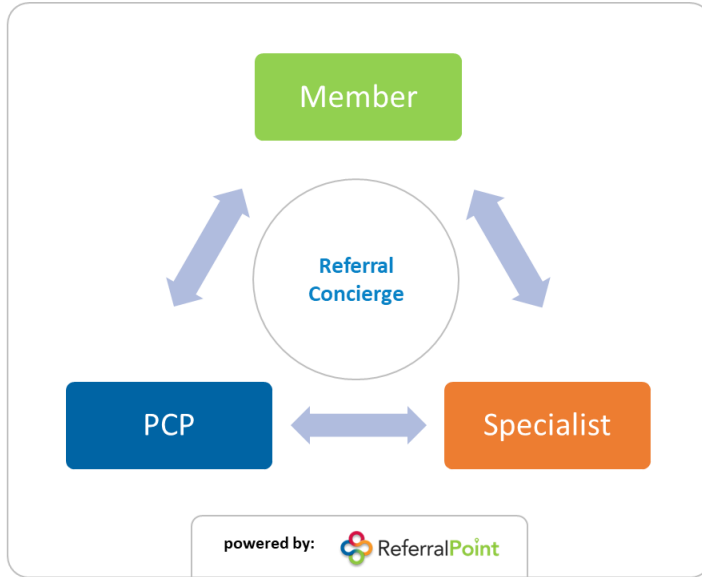

1. Send you a friendly reminder
2. Confirm if you met with the Specialist
3. Ask you to rate your experience 1-5

Thank you! SARA

REDUCED STAFFING CHALLENGES & COST

- ✓ Created Outsourced Referral Desk then trained PCPs staff
- ✓ Reduced time to close referrals and auths from **7 to 2 days**
- ✓ Saving **1,167 hrs/mo** allowing staff to focus on patient care
- ✓ Reduced referral errors from **31% to 1.4%** to meet criteria for MIPS
- ✓ Lowered cost to process referrals by **45%** compared to using Privia Staff
- ✓ Currently processing **3,500+ referrals/mo** and increasing monthly

Reduced cost by

45%

and referral errors

31% to 1.4%

to meet criteria for MIPS

Reduced Time Per Referral by **50%** Increased Keepage by **27%**

- ✓ Built our Preferred Network within ReferralPoint
- ✓ Integrated to PUSH IdealMATCH right into our Athena EHR
- ✓ Reduced time per referral by **50%**
- ✓ Reduced **1,200+** overtime hours/mo * \$25 = **\$30K/mo savings**
- ✓ Reduced from referral order to completion by **2 days** & closed loop by **7 days**
- ✓ Identified High-Cost Specialist Saving Opp over **\$10M** in just the first Market
- ✓ Increased overall Keepage **27%** in the last 9 months and still increasing >

1. Stopped using Spreadsheet
2. Stopped using Google Maps

1. Added SSO
2. Added Specialist Ins in RP
3. Automated Verify Patient Ins
4. Automate Prior Auths

Phase 3.1 = Auto populate IdealMATCH when Specialist field is empty

Phase 3.3 = Auto populate IdealMATCH plus Auto Verify Patient Ins + Auth without using a Referral Coordinator

Reduced Leakage **75%** + Unnecessary Costs **10%**

Tom McCarrick, MD
Chief Medical Officer

- ✓ What I like most is getting **100% more control over our referrals.**
- ✓ Before, we didn't know our **out of network %** but now that we can track and control it, we've seen it drop from **38%** down to **4.1%**.
- ✓ The Auto Referral Coordinator **helps us schedule, saves admin time, reduces no shows, and increases patient experience.**

 **ReferralPoint**

CASE STUDY

New Jersey Medical Group

Reduced Leakage 75% & Unnecessary Costs 10% with a Data-Driven, Closed Loop Referral Solution

10 Locations
52 Providers
50,000 Patients

Problem:

- No Control of Referrals
- Out of Network Leakage
- Open Referral Loops
- No Visibility into Provider Performance

Solution:

- IntelligentDATA™
- NetworkBUILDER™
- IdealMATCH™
- AutoCLOSELOOP™

Outcomes:

- Reduced Medicare Part B & Commercial Costs 10%
- Reduced Leakage from 33% down to 8%
- Increased Outbound Referral Visibility 100%
- Increased Patient Engagement 6x

Thomas McCarrick, MD
Chief Medical Officer

*"What I like most about ReferralPoint is getting **100% more control over our referrals.** Before, we didn't know our out of network % but now that we can control and track it, we've seen it drop from **33%** down to **8%**."*

ReferralPoint has helped us market to our patients so they know not to do a Google search to see a specialist. Rather, to contact us so we can connect them with the right high-quality specialist."

Next Steps

Since we can't measure it, We can't FIX IT.

The **Point** is to get from where you **ARE** to where you want to **BE**

Since we can measure and optimize each step, we're getting MEASURABLE RESULTS!

BEFORE

1. No visibility where we ARE
2. No control of Leakage
3. No control costs/quality
4. No distribution balance
5. Overwhelmed providers/staff
6. Manual patient communication
7. Low close-loop. Not Accountable

Vision DISCOVERY

1st MEETING

to capture your issues and vision to prepare a personalized demo based on where you **ARE** and where you want to **BE**

Tailored DEMO

2nd MEETING

to prioritize criteria needed to resolve your issues, achieve your vision, and build your Blueprint

Optional MEETING with your Referral Mgr. to validate their manual steps

Customized BLUEPRINT

3rd MEETING

to walk through a rough draft including ROI, ensure it's ready to go through with Execs, and agree to next steps of the Collaboration Plan

AFTER

1. 360* visibility where we ARE
2. Reduced leakage > Inc Rev _____%
3. Reduced cost > Inc Savings _____%
4. Increased productivity _____%
5. Reduced staff cost _____%
6. Increased patient sat _____%
7. Increased close loop _____%

We'll build your Custom BLUEPRINT

1 Get VISIBILITY
into the impact of each step of your referral process.

2 Get ACTION PLAN
to improve efficiency, cost, quality, and revenue.

3 Get IT NOW
Whether you move forward or not, at least you'll have a Blueprint to show your execs.
